MELCloud WORLD - OPTIMIZE ENERGY CONSUMPTION AND HELP REDUCE CARBON IMPACT

DEVELOPMENTS BY MITSUBISHI ELECTRIC

PARIS - TOKYO, 19.11.2023, 14:15 Time

USPA NEWS - MELCloud is the New Generation of Cloud Based Control for Mitsubishi Electric Air Conditioning, Heating and Heat Recovery Ventilation products. MELCloud provides Users with Effortless Control of their Devices whether they are Out or are just lying on their Sofa at Home... Accessing and controlling your Mitsubishi Electric Products has never been Simpler and is now Possible via a Wide Range of PC, Tablets and Smartphones...

MELCloud is the New Generation of Cloud Based Control for Mitsubishi Electric Air Conditioning, Heating and Heat Recovery Ventilation products. MELCloud provides Users with Effortless Control of their Devices whether they are Out or are just lying on their Sofa at Home... Accessing and controlling your Mitsubishi Electric Products has never been Simpler and is now Possible via a Wide Range of PC, Tablets and Smartphones...

MELCloud provides Live Controls, Scenes, Weekly and Seasonal Timers providing Complete Flexibility for Controlling Several Mitsubishi Electric Air Conditioning, Heating or Heat Recovery Ventilation Systems from a Single Device or Location.

* Logging and Error Notification is also Possible from Both Local and Remote Systems when they are connected to MELCloud.
* Localised Information such as Weather Feeds and Customer Support Contact Details are also provided by the MELCloud Application.
* An official Mitsubishi Electric Wi-Fi Interface will be required to connect each Air Conditioning Indoor Unit, Heating System or Heat Recovery Ventilation System to MELCloud.
* The Wi-Fi Interface connects to your Local Router via Wireless Connection and is recommend that the Wi-Fi Interface is Professionally Installed.

- The MELCloud Service is available throughout Europe, and the Application has been designed with the Majority of European Languages supported at release with Further Language Support planned in Future Releases.

- MELCloud has Dedicated Applications that support the Latest Apple iOS, Android and Windows Operating Systems and will be continuously updated to support the Latest Mobile Devices from the Main Manufacturers. These Applications are Free and Downloadable from the Various European App Stores.

* The MELCloud Web App will also run on any PC, Tablet or Smartphone running the latest Internet Browser Versions, even if the Dedicated Apps do not support your Mobile Device.
* The MELCloud Application works with the majority of Internet Browsers from Microsoft, Google, Apple, Mozilla and others.
* MELCloud supports the Latest Ranges of Smartphones from Apple, Samsung, Google, Microsoft, BlackBerry and many more
* The Application is optimised and will automatically detect Screen Size and resize to fit your Phones Screen and Resolution giving you Full Control and Access on your Smartphone Screen....

"Mitsubishi Electric" is a World Leader in Air Conditioning Systems for Residential, Commercial and Industrial Use. Challenged to create Air Conditioning Systems that provide Exemplary Performance in the Wide-Ranging Climatic Conditions found throughout Japan, Engineers develop amazingly Sophisticated yet Durable Units and Systems capable of Constant Use under Virtually any Natural Climatic Condition on Earth. Each Product is an Amazing Feat in its own, delivering Years of Quiet Operation, Energy-Efficient Performance and Minimum Impact on the Environment.

- Mitsubishi Electric Product Lineup
* Room Air Conditioners
* Package Air Conditioners - Mr Slim
* Variable Refrigerant Flow (VRF) Systems - City Multi

* Heat Pumps
* Ventilators - Lossnay
* Air Curtains
* Compressors
* Hand Dryers—Jet Towel

The History of Mitsubishi Electric is the History of the Development of Modern Japan. The Company was founded in 1921, when Mitsubishi Shipbuilding Co. (now Mitsubishi Heavy Industries, Ltd.) spun off a Factory in Kobe, Japan that made Electric Motors for Ocean-Going Vessels into a New Company called Mitsubishi Electric Corporation.
